OFFICE OF

De Witt Wire Cloth Company,

F. J. Bartlett,
President.

703 Market Street,

Philadelphia, Aug. 22d, 1888.

D. M. Fox, Esq., Supt.,

U. S. Mint, Phila.

Dear Sir:-

On July 31st the Mint telephoned to us for a piece of Wire Rope to be cut off so they could get it as soon as possible for immediate use, which was done, and they got it from here on their regular order that same day. We have sent two or three times for the money, with bills regularly receipted with the only signature of this Company that has ever been presented there and the only one that can be had. They have the bills there receipted, but unpaid, \$2.04. We do not understand why the account is disputed, or why they did not send back the receipts when they would not pay the money. We wish you would please have them sent back to us, and then as the amount is too small a matter to waste many words over, we will make the United States a present of it to go to that Surplus Fund.

Yours truly,

De Witt Wire Cloth Co.
